(NO RESPONSE FROM COUNCIL.)

(VOTE: 6, AYE; 0, NAY; 0, ABSTAINED.)

Motion carried.

Mayor's report. By Council rules, I am required to give a state-of-the-Village address at the first meeting of the year. I will also be giving some of the notes from Mr. Blank due to his absence.

So, as far as Ultium Cells, which is the GM/LG Chem Battery Plant project, that three million square foot building is now getting equipment installed in it. We look for them to start operating the second quarter of 2022. That project has come up real fast. It's great to have them in the Village.

TJX/HomeGoods started this past year, and they have already gotten over a thousand employees, which has added to our tax base immensely, between the construction and having new employees in the Village.

Old Dominion Trucking opened their trucking terminals in the Village of Lordstown.

We have a three-million gallon water tank provided primarily for backup for Ultium Cells, but it also helps the Village in the future for pressures and volumes all over the Village due to the fact of the size and position of the tank up on the hill. We also got a 1.5-million-dollar forgivable loan from ODOT for that project.

M&M Industries, which is a plastic pail and container company, opened up in the old Magna building. They have been a great neighbor. They already have plans and a building on order for a 78,000 square foot expansion. They hope to have full employment at 106 employees, and they also donated \$25,000 to the Village for a new cruiser. They did put out a challenge to other businesses, but I don't think the other businesses picked up on that.

We have five new Ford Explorer cruisers we ordered. We did have three previous cruisers go out with bad frames—actually four with bad frames. But we're just like anybody else. We are now waiting because all of the equipment to equip them is on backorder. So, until we can get cages and radios and everything, we do have them. We're ready to put them in use, but until we can get them equipped, they're sitting behind the police department waiting.

The Village did re-negotiate pay for their employees and extended the contract for three years. Due to the fact that there are so many other businesses which are looking for employees, and everybody is increasing their wages, we felt that we should keep our wages in line so that way we can keep the employees we have rather than be out in the limited job market and be fighting for everybody else like everybody else is.

We renewed a mutual aid contract with neighboring counties and communities.

We renewed the School Resource Officer with the school. That's a great joint partnership.

We renewed the Apple Cider Festival support agreement.

January 3, 2022

We did update our meals and housing Ordinances, which had been outdated for quite a while due to the ever increasing prices. So, we brought that pretty much in line.

Also, we got new security cameras in the police station. We have worked with the county engineer, Eastgate Council of Governments, and the state for paving for Hallock Young Road funds, for Tod and Bailey, and it will be of minimal cost to the Village.

We returned 39-plus acres on Salt Springs to Residential due to the fact the property owner did not follow through. When we did grant the zone change to Industrial and once it wasn't followed through, we just reverted it back to Residential.

We kind of got the moniker of Voltage Valley. Between the electric vehicle, which we still have a lot of hope for, and the electric plant and the battery plant, that moniker is kind of stuck. A lot of people say we're from Voltage Valley. So, hopefully, we're going to keep moving ahead.

Our income tax collections 2020, according to the Clerk, was 1.7 million. And 2021 is 2.6 million. But we're up above 900,000 mainly due to constructions of Ultium and the construction and operation of TJX.

The Village Hall will be closed the rest of the week starting after this meeting due to covid and possible exposure.

Whoever is upstairs on the staff who is feeling ok will be manning the offices and the phones, but the building will be closed to the public. And we'll be getting—you know, they will be there to answer calls but any bills, taxes, water bills, or anything will be going through the mailbox, as we did before. That will be through at least the end of the week. Fire Chief Eastham and I had that discussion, and we felt it would be best because we can't have too many employees out with the exposure and everything. And we will be getting the offices sprayed like we had before so that will stop the contamination.

Under new business, I will be asking for committee appointments and assignments, and Council has to pick this year's Council President.

That is it for the Mayor's report.

Is there a Clerk's report? No, not tonight.

Solicitor's report?

ATTY. RIES: No report.

MAYOR HILL: Treasurer's report?

MR. EBLING: No report.

MAYOR HILL: Board of Trustees of Public Affairs report?

MR. PETERSON: No report at this time.

MAYOR HILL: Village Engineer is absent.

Special reports. Police Chief Milhoan?

CHIEF MILHOAN: I do have a report, Mr. Mayor. As you remember at the last Council meeting, Council as a whole gave me authorization to have Car 32 fixed by Redlich Transmission. We were under the impression that the transmission was shot and the estimated quote that they gave us was between \$3,800 and \$4,000. The car was towed to Redlich. I'm happy to report that it wasn't as bad as we had anticipated. What was wrong was a passenger-side front CV axle, which the total cost with

January 3, 2022

labor and everything was \$545. So, much less than what we anticipated, which obviously is good news. So, I wanted to pass that on to you. So, that car is actually back in service. The other thing is I have sent my yearly report today for 2021. I emailed it this afternoon, if you have any questions. And the last thing I have is my wife and I welcomed our first grandchild on Wednesday, December 29, Carson Lee Milhoan, 7 pounds, 7 ounces, 21 inches long. So, that's all I have.

MAYOR HILL: Congratulations.

(MULTIPLE SPEAKERS): Congratulations.

CHIEF MILHOAN: Thank you.

MAYOR HILL: Any questions for Brent?

(NO RESPONSE FROM COUNCIL.)

Fire Chief Eastham?

CHIEF EASTHAM: I do, Mr. Mayor. As you are aware, we are going to shut down. Hopefully it's this week only. It might be a little bit longer if things don't go in the right direction.

And 2021 was a challenging year for fire and EMS. We ran 832 calls. And 318 times we called out off duty. We're hoping that this year is going to be better, but the movement we're going right now is already going in the wrong direction. So, I think we're already at eight or nine calls for the year so far. We're only three days in. So, we're hoping for better down the road, but it doesn't look that way.

We are still struggling with staffing. Keeping our people healthy has been a challenge. And, also, just getting people that are willing to work is a challenge. So, we're doing what we can. We're staffing the best we can. That's about it.

MAYOR HILL: Thank you. Any questions for Travis?

(NO RESPONSE FROM COUNCIL.)

Kellie is not with us this evening.

Parks, Grounds, Buildings, Street Superintendent, Mr. Hickox?

MR. HICKOX: Thank you, Mayor. Short and sweet tonight. We were dispatched one time over the past two weeks for snow and ice removal with a quick-moving storm that hit us one evening.

We have been patching potholes and we've been completing the office over at the Rec Building.

I was contacted by a gentleman named Randy Miller from Planet Aid about a clothing drop off box. He would like to put it back by the recycling bin for the cardboard. I told him that it was up to Council. But, in the meantime, I noticed going around town that there's already a clothing drop off at the Christian Church, I believe, on Tod Avenue. And I don't know what type of competition this may or may not be. I haven't had a chance to research it, but I will put this in the mailboxes upstairs. If Council wants to look at it, they'll know what we're talking about.

Then for the year, the cemetery completed 23 burials, which is just about an average year from what have seen back through the books.

That's all I have.

January 3, 2022

MAYOR HILL: Any questions for Ron?
(NO RESPONSE FROM COUNCIL.)
I know there is also down at Hoot 'n Holler—they also have one or two clothing drop off boxes there, too. But I'm not sure which—

MR. HICKOX: Organization it is.

MAYOR HILL: —yeah. Thank you. Do we have any correspondence, Brent?

CHIEF MILHOAN: No.

MAYOR HILL: Public remarks? If you'd like to make a public remark, after I acknowledge you, please give your name and address so we can get it recorded in the minutes correctly.
(NO RESPONSE.)
Hearing none, are there any Council remarks?
(NO RESPONSE FROM COUNCIL.)
Hearing none, Finance—committee reports. Mr. Radtka?

MR. RADTKA: Yes, Mr. Mayor. The only thing I have is two pieces tonight I'd like to have support for. And, also, our committee meetings will start next Monday, the 10th at 1:00 p.m.

MAYOR HILL: Any questions for Ron?
(NO RESPONSE FROM COUNCIL.)
Parks, Buildings, Grounds, General Improvements, Streets and Sidewalks, Mr. Campbell?

MR. CAMPBELL: No report.

MAYOR HILL: Questions for Terry?
(NO RESPONSE FROM COUNCIL.)
Public Safety and Police Department, Mr. Bond?

MR. BOND: No report this evening.
